

FSC® MASSARANDUBA 2'x2' SMOOTH DECK TILE

- **Species:** Massaranduba (*Manilkara bidentata*)
- **Dimensions:** 1-11/16" x 23-7/8" x 23-7/8"
(2' x 2' spacing when aligned with adjoining tiles)
- **Color:** primarily reddish tones
- **Hardness (Janka Ball):** 3,190 lbs
- **Fire Rating:** Class A (ASTM E108-07)
- **Weight:** approx. 23 lbs.
- **Weight per ft²:** approx. 5.75 lbs.
- Produced with corner slots for pedestal system hold-down
- Constructed with stainless steel screws
- FSC®-certified, Lacey Act compliant, sustainably harvested

The FSC® Massaranduba 2' x 2' smooth deck tile is the most cost-effective coverage option made from FSC® certified wood. The wood has reddish tones which will fade in a few seasons to a silver patina (as all other woods do), but the original color can be refreshed with pressure-washing to remove the depleted lignum cells on the surface to expose fresh wood. The wood for this deck tile is sourced from an FSC®-certified forest concession, which means that forest is selectively-harvested, and replanted to grow more trees instead of converted to another use. This is not only good for the environment, but the FSC®-certification can also be a great advantage for adding LEED points to meet higher-standard Green Building Council standards.
